

	<i>Meeting (No)</i>	Full Council
	<i>Date</i>	17.05.2022
	<i>Document</i>	<i>Ref No</i>
	Notes of Working Group Meeting to discuss the Situation Analysis Report held remotely on Wednesday 4th May 2022.	FC1/22

Councillors Present:

Wastell (Mayor), Griffiths, Hinks, Hudspeth, Jones, Kynaston, Marple, Sanders, Warner and Willis.

Also present: A Kunaj, Council Manager and P C Cooper, ChALC.

The Council had commissioned the Cheshire Association of Local Councils (ChALC) to undertake a base line analysis of NTC's current situation. The Working Group, to which all councillors were invited, was established to consider the resulting Situation Analysis Report and make recommendations to Council. **The full report is appended for discussions in part two of the meeting.**

Recommendations:

1. That Council accept the report as a helpful position statement and use it as a road map by which to progress.
2. To agree all recommendations in principle, and to consider each in detail and consider how best to progress them.
3. To include a timetable to implement the recommendations within the proposed Delivery Plan.
4. In order to allow staff to prioritise the strategic priorities which directly benefit the Town's communities, to delegate Finance and Administration Committee to identify funding to enable assistance to be engaged to help with the "one off work" which can be more efficiently undertaken by specialists.
