

MARSH WORKING GROUP
TERMS OF REFERENCE
(Approved by Community & Environment Committee 05.05.21)

Membership

- No more than seven members in total
- No more than four members who have specialist knowledge in the field
- No more than three Town Council members
- A Town Councillor to be appointed as Lead member by the C&E Committee.

Purpose

To monitor the mosquito populations within the Neston Town Council area. All monitoring activity to be agreed by C&E Committee and within the remit of the Council's budget.

To provide specialist knowledge and expertise on the varying mosquito populations, including analysis of reports from residents.

To provide professional advice (in liaison with RSPB) and recommendations to C&E Committee on any proposed remedial, dredging or in-filling works on the Marsh at Parkgate and Quayside.

Responsibilities

To provide updates for the mosquito traffic lights report for the Council's website and Neston App.

To analyse mosquito monitoring data and the effectiveness of the works undertaken on the marsh areas and report to C&E Committee.
