

Council Corporate Plan consultation

For progress report, see Full Council item 55.

CWaC Town Connections

I have attended the CWaC meeting which provided briefings on funding information and operation London Bridge. Staff are briefed about the contents of the information.

Audit

The internal audit has been received.

The external Auditor information for 2021/22 year-end has been sent and is due back in September.

Council and Local information

The Clerk magazine, NALC, ChALC information and About My Area newsletter: I read quarterly magazine, the weekly newsletters and regular bulletins that are published.

General information and updates

Committee agendas and supporting papers: Details have been overviewed and discussed with our Governance & Operations Manager (G&OM). Agendas have been signed and distributed. Our SM&SC has kept our website and Twitter account updated with the latest meeting information.

I cover and respond to the council@ emails and telephone calls when our SM&SC is absent and our G&OM covers these when both myself and the SM&SC are absent.

A Kunaj
Council Manager
