Please give details of any academic, professional, or work qualifications you feel would be of value to the Council	As Chief Examiner for A level Physics, I have responsibility for the organisation, setting and marking of approximately 15000 student's examinations. This role requires careful people management, tight time schedules, an eye for detail and a real willingness to "get it right first time". I believe my organisational qualities, along strong analytical skills and data management could be used to good effect. In addition, I am a teacher of over 30 years, and I have developed skills allowing me to communicate effectively, to produce and implement new ideas and to manage groups of people, both young and old.		
Please give details of any personal qualities you feel would be of value to the Council when considering your application	I feel that I am easy to talk to, can communicate well and am committed to everything that I do. Having been on several committees over the past few years (such as the Merseyside Branch of the Institute of Physics and Royal Liverpool Philharmonic Choir) I am used to working collaboratively, coming to resolutions which produce the best outcome for all.		
Please set out any life experiences that you may wish to declare in support of your application or anything else you consider as appropriate information you feel would be of value to the Council	I am a responsible landlord of a couple of properties and am well aware of the challenges facing tenants in many areas. As such, I have some knowledge and experience in what tenants should expect and some knowledge of legal aspects of tenancy.		
Please set out the reasons why you believe you would be a valuable addition to the Town Council	I have lived in Neston for around 10 years, and have really come to love the place and its people. I have seen some superb developments and changes in recent years and would like to be part of a process that continues that. I believe my organisational and personal qualities could be used to further to Council's aims and objectives. I am apolitical and so have no affiliation to any political party.
