	Installation of Christmas Lights		CE1/11

In 2022 five contractors were invited to quote for installation of Christmas lights and one quotation was submitted and accepted. The work of the appointed contractor was of a high standard. Given that the Town Council has undertaken an exercise inviting competitive quotations within the last 12 months, it is suggested that the current contractor be approached to quote for a continuation of the contract for 2023 and beyond.

If the Committee agrees to extend the current contract, a full quotation will be sought from the contractor for consideration at the next meeting.
