		High School Prize	CE1/12

On 18 April, C&E Committee agreed to pursue options with the High School to create an annual memorial prize in recognition of the contribution made by the late Professor Clarkson.

Discussions have taken place with the High School's Business Manager and the following is now recommended for approval:

- creation of an award to be presented as part of Neston High School's annual prize giving event held in September;
- purchase of a shield that will be engraved each year and displayed in the school's cabinet of trophies and awards;
- commitment to provide an annual science prize of £100 to be awarded to a school leaver.

At the time of writing, we are awaiting confirmation of the cost of a shield and details of the prize criteria but this information will be available by 6 June. It is suggested that 4371 (youth engagement) would be an appropriate budget for the expenditure.
