32	Presentation from CWaC Cllr Barker Cllr Barker presented an update from the Market Town Regeneration Group. Brook Street in Neston had been subject to a housing needs survey and plans are afoot to transform the entire old Wetherspools site to accommodation with 1-2 bedrooms. Planning for this potential development could soon be on the horizon. The project could see a loss of a number of parking spaces on the Chester Road carpark which is adjacent to the site. However, this carpark is subject to a 125-year lease. Since the Brook Street site had been vacant since the closure of Wetherspools in 2007, the development could be transformative to this part of the town. The current timescale is 12 months; more news could be expected in December. Valuations and surveys are also in progress on the three Cheshire West & Chester building in the town – the Town Hall, Civic Hall and Library. A Business Plan for the Town Hall and Market was requested. Commercial value would be paramount in any decisions going forward as to the future of the buildings. NCYC currently has an agreement to operate the Civic Hall until January 2027. There is potential for one building to house multiple services, namely the Town Hall. Councillors thanked Cllrs Barker and Millar for the update.
